

Opening Doors to Change Lives Forever Happiness House and CP Rochester Begin a New Relationship

From the Desk of the CEO

Happiness House has entered into an Executive Staffing Agreement with CP Rochester. I am serving as President of CP Rochester while continuing my role as CEO at Happiness House.

The agreement has strengthened ties between the two organizations and provides for a continuum of care to more than 3,600 individuals with and without disabilities. In addition, the creation of a more efficient administrative structure is allowing both agencies to direct more of their funding toward the enhancement and expansion of much-needed programs and services for children, adults, and families in the Finger Lakes and Western New York areas.

At the present time, both Happiness House and CP Rochester are operating as separate entities, retaining independent Boards of Directors. However, the agencies are conducting strategic feasibility studies to determine when and how a more formal partnership will mutually benefit the organizations and the individuals they serve. While a full merger of the two organizations is expected, it isn't likely to occur for at least one or two years.

Until then, the leaders of Happiness House and CP Rochester are moving forward with their goals to enhance the care for individuals they serve, to better position themselves among other providers, and to solidify their future in the community. In the months following the change in presidency, leadership from both organizations have met as a group, with individual directors meeting more often, to develop work plans around areas of collaboration, sharing of resources, and referrals. The group hosted an intensive retreat involving additional managers from both agencies. The goal of the retreat was to flesh out the details of the collaboration and lay the framework for its success.

The two agencies are looking at a variety of business, program, and service areas where they can mutually benefit, and have prioritized those deemed most critical. Included at the top of the list are electronic medical records systems, staff development and training, purchasing, and technology. In addition, the organizations are exploring each other's service offerings and building the foundation for developing a shared referral base. The team hopes to finalize the strategic plan by the end of this year.

I look forward to sharing more as the strategic plan takes shape.

RED ROOM CLASS MAKES SOME NOISE

Friends from the Red Room at the Waterloo UPK were visited by Ms. Katie Nelson, Community Educator from the Seneca County 4H. During Ms. Katie's visit she shared her knowledge of chickens, read the story *Chicks and Chickens* by Gale Givens and helped friends create a "Chicken Clucker" craft that they were able to take home. Her visit helped Mr. Jeff's Farm unit come to life for the friends in the Red room with the sounds of 14 clucking chickens.

Andrea Bonafiglia

A lifelong resident of the Finger Lakes region, Andrea "Andy" Bonafiglia and her family, owners of BonaDent Dental Laboratories, are the Underwriter of Happiness House's Annual Francis "Ben" Bonafiglia golf tournament. Her son Ben receives services at Happiness House.

Jarrid E. Blades

Jarrid E. Blades, a graduate of Hobart & William Smith Colleges, organized the Hobart Statesmen "Tackles & Touchdowns" fundraiser for Happiness House for the first two years of what has become an annual event. Together with the support of Athletic Director Mike Hanna and the Hobart football team, this event has raised close to \$9,000. He currently attends Syracuse University College of Law.

NORTHWESTERN MUTUAL RAISES DISABILITY AWARENESS IN A UNIQUE WAY

Greg Constantino, Field Director of Northwestern Mutual, did a team building disability awareness activity at Bristol Harbour with his staff. Each team was challenged to build a bike, but each of the five team members worked while having some kind of disability (not being able to speak or hear, being blindfolded, having only the use of one hand, etc.). Once completed, the bikes were donated to four Happiness House Canandaigua preschool students. Lynne Colacino, Linda Meritt and two of the children made a surprise visit to Bristol Harbour, where the children selected their very own bike and provided Greg and his staff a brief demo (riding the bikes) while giving a short presentation about Happiness House.

TBI CAMP TURNS BACK THE CLOCK

The Traumatic Brain Injury (TBI) Camp at Onanda Park was a huge success this year! We had a "60's" theme. Some of the highlights were Meyer and McGuire, a musical duo who played music from the 60's era. We also had tie dying and other 60's crafts. Despite the rain the group was able to fish and swim and enjoy the serene Canandaigua Lake.

We featured Pudgies pizza for lunch on Thursday due to a generous donation from Marge Donhauser (our secret Santa). We also had a wonderful barbecue chicken lunch on Friday catered by Tom Ross of Waterloo. Thank you to the hard working Structured Day Program staff and our volunteers this year: Beth Boehnke, Dawn Marino, Diane Sansone, Harlene Gilbert and Ali D'Aurizio. We are already looking forward to next year!

NEW MEMBER JOINS HAPPINESS HOUSE FOUNDATION BOARD

Deborah Carlson

Deborah Carlson and her family have been avid supporters of the Happiness House Autism Awareness Walk since its inception. Their son Dylan received his first assessment at Happiness House.

The Happiness House Foundation is a not for profit organization established to raise and generate funds that will promote, support and augment the continuation of long term services for people with disabilities offered by Happiness House in Ontario, Seneca, Yates and Wayne Counties. It is this mission that has led us to create the "Happiness is Helping" Founders Society.

An endowment is an organization's financial cornerstone, the foundation of its ability to incite progress in education, consumer care, and therapeutic equipment. Through allowing an organization to be less dependent on unpredictable sources of revenue, such as government aid, endowments ensure that promising programs, individuals, and initiatives have the unwavering support they need.

Establishing an endowment is an act of great generosity and vision. Donors who decide to create an endowment do so because they understand the significance of supporting the organization not only during their lifetime, but well into the future. It is our privilege to recognize those who stand with us to ensure that all individuals receiving services from Happiness House - both now and for years to come - will experience "What Happens Here Changes Lives Forever."
