

## Kids Are Walking at Happiness House

Will my child walk? When will my child walk? These are tough questions with no easy answers. Thanks to the Wish List donations received at Happiness House's Gala celebration, therapists are able to answer these heartfelt questions with greater confidence and likelihood. Happiness House's New Friends Children's Program received two KidWalk Dynamic Mobility Systems!

Eli is a soon-to-be five year old boy who uses the Kidwalk. Eli was born with Cerebral Palsy and is influenced by dystonia which makes it difficult for him to move on his own. He uses a static standing frame for lower extremity weight bearing. The KidWalk was

the next step in order to provide Eli opportunity for hands free self-initiated movement.

Debra is a soon-to-be three year old girl who also uses the KidWalk. Debra was born with a seizure disorder, Epilepsy, which has caused weakness on one side. Debra is able to walk with one hand held. The KidWalk allows Debra to experience hands free ambulation and time and opportunity to work on her balance, strength, and dynamic weight bearing. Happiness House now has the KidWalk Dynamic Mobility Systems to use as an assessment tool for future students who may need it and acts as an adjunct to therapy and classroom activities.

The KidWalks allow children with limited mobility to experience independent exploration of their environment in settings such as the gross motor room, in hallways, and in classrooms and therapy rooms at Happiness House. Development of gait and ambulation is supported by the KidWalk's unique features and designs. The KidWalk's options and accessories allow for a wide range of users. The feelings expressed by both of these families really tell the story, and as therapists, we are blessed to be a part of these monumental milestones.

Karen Miller, Physical Therapist

“The kidwalk has been such a huge asset to our family. As parents, to be able to see our little boy standing and taking steps is priceless. We are so blessed to be able to use this piece of equipment as it gives our little guy a new “view” of life while strengthening his hips and legs”.

~ Eric & Daidra Hamlin

## A Message from...

Mary Walsh Boatfield

t o

As 2015 begins, we take this opportunity look back upon the many ways Happiness House has changed lives forever. From the ribbon-cutting of the new 20 unit apartment building on the Canandaigua campus, to the implementation of the New York State Department of Education Core Language Arts Modules in our UPK programs; from the purchase of KidWalk Dynamic Mobility Systems, to the Structured Day Program "Believe" exhibit - lives are touched and lives are changed for the better.

2015 will bring new and unique challenges; challenges we will meet with the same resolve that drove the construction of our successful transition home and created an array of programs and services specially structured for individuals with a diagnosis of Autism. We know that with the support of friends, families, board members, community, and our local and state legislators, we will meet our goals. Turn to page 5 to learn more about what lies before us in the coming year.

We are looking forward to our 12th Annual Gala Dinner and Auction Event, graciously hosted once again by our Founding and Major Sponsor, Belhurst Castle, and presented by Five Star Bank. We hope to see many of you there.

May you and yours find much happiness in this holiday season and in the coming year.

Mary Walsh Boatfield  
CEO

Autism Services of the Finger Lakes  
at happiness HOUSE

## Save the Date!

### Happiness House Autism Conference

### Crosswinds Wesleyan Church

### September 18, 2015

### Keynote Speaker: Temple Grandin

More details to follow!

## Alex & Ani Charity Fundraiser

### Thanks, Joe!

We were honored to have Joe Dady pay us a visit at Happiness House! Great music and it was pretty special to hold his banjo signed by Pete Seeger! Joe and his brother play mostly acoustic Irish folk music and are well known in the Rochester area.

### Happy Brainiversary!

Mariah Rose Essom, and her cohort in fundraising Sarah Flick, stopped by the Structured Day Program recently to make new friends! Mariah suffered a stroke a year ago, and to celebrate her journey she organized a fundraiser called Brainiversary which raised \$2,700 to benefit Happiness House. What an inspiring lady! To learn more about Mariah's journey, visit Rochester Woman's Magazine: <http://www.rochesterwomanmag.com/rwm/what-doesnt-kill-me-makes-me-stronger/>

## Handicap Accessible Apartments Now Available at Happiness House

The 20 unit handicap accessible apartment building for up to 24 individuals located at 2508 Happiness House Blvd. in Canandaigua, NY is now complete and accepting tenants. Two of the apartments are fully accessible, and one is specifically designed for an individual who is visually and/or hearing impaired. Ontario County will provide residents with affordable and accessible transportation via a bus route. Services will be available to each of the tenants who want or needs these services.

FLUCP, Inc./Happiness House was awarded \$400,000 through Federal Home Loan Bank, and \$2.4 million through Governor Andrew M. Cuomo's New York State Homes & Community Renewal's Unified Funding Application. This integrated apartment building serves adults with traumatic brain injuries, adults with intellectual/developmental disabilities, or any individual who is eligible for affordable housing. In addition, a \$1.4 million grant was awarded from The New York State Office of Temporary & Disability Assistance, as well as very generous gifts from community funders who provided us with the funding for engineering and start up costs for this project.

This is a non-certified residence built in compliance with Americans with Disabilities Act, Office of People With Developmental Disabilities, Department of Health, and other applicable regulations. The apartment complex is also equipped with a community room, kitchen, laundry facilities, and office space. A walking trail with exercise equipment connects the apartments with the main Happiness House building.

Happiness House provides residents with services based on their individual needs, including case management, individualized training for independent living skills, wellness and money management education, pre-vocational training, assistance with job search, and direct care support.

Local legislators and community leaders attended the ribbon-cutting event held by Happiness House Apartment Housing Development Fund Company, Inc., as well as major sponsors and donors from the community.

Thanks to the dedication of the staff at the transition house and the hard work of the individuals living there, three of our residents

have moved into our new apartment building. Sandy, Phil and Arnie are embarking on the next chapter in their lives by leaving the transition house and settling down in the permanent housing offered at the Living Center. Arnie is one of the original residents at the transition house and not only has he moved into a new home, he is also employed with Happiness House part time and doing a wonderful job keeping the Canandaigua site beautiful.

## UPK Adds Core Knowledge Language Arts Modules

The Waterloo UPK program is implementing the Core Knowledge Language Arts Modules that have been released by New York State Education Department. Students have already completed Module 1: All About Me and are currently learning content from Module 2: Families and Communities. In upcoming months children will explore Module 3: Animals, Module 4: Plants and Module 5: Habitats. Nursery Rhymes (i.e. Where is Thumbkin and Do Your Ears Hang Low?) and Classic Tales (i.e. The Shoemaker and the

Elves and The Little Red Hen) are interwoven throughout each module and students will learn about important people in history such as Native Americans, Pilgrims, Abraham Lincoln, Barack Obama, Martin Luther King, Jr., Sonya Sotomayor, and Sally Ride. The preschool Language Arts Modules are aligned with the K-12 ELA curriculum and provide a solid foundation for our youngest learners as they prepare to enter kindergarten.

## Community Rallies to Help Kids Fly at CP Rochester

Five-year-old Will Katawazi was planning to graduate from CP Rochester's Augustin Children's Center preschool this past June. His teachers had his cap and gown all ready. His family was prepping the camera to capture this special moment in their only child's life. Tragically and without warning, Will died at home three days before graduation.

Heartbroken, Will's parents Heather and Al Katawazi found the courage to attend their late son's graduation and accept his diploma on his behalf. Will was much loved by the teachers and aides at CP Rochester, and had made many friends during his two years at school.

Will was born with Sensory Integration Disorder, which caused him to lose his balance and fall quite often. However, his condition is not what triggered his heart to stop. Four months after his death, doctors are still conducting tests to determine why young Will died.

With their son gone, Heather and Al began to focus their time and attention honoring Will's memory, and supporting the preschool which fed his wonderful sense of adventure. Working alongside CP Rochester, the Katawazi's are hoping to build an adaptive zip line on the preschool's playground. The zip line will have two runs – a standard run which can be used by children without disabilities, and an adaptive run which features an enclosed seat to safely secure children with disabilities or mobility issues.

"Our Will was so adventurous; he always dreamed of flying. He would have loved to ride this zip line,"

said Heather. "We want Will's spirit and sense of adventure to live on in the joy and laughter of his classmates."

The adaptive zip line would be a one-of-a-kind piece of play equipment built within the existing playground at CP Rochester. The total cost of the project from start to finish is upwards of \$40,000. Through a social media fundraising campaign targeted to friends, family and others, the Katawazi's have raised nearly \$12,000 for the project. They are hoping to raise the remaining funds and get the zip line built by Spring of 2015.

Opening Doors...Changing Lives

## Going for a Repeat!

The Granger Homestead held their annual Festival of Trees decorating contest and the Tweens and Teens Club went for a "repeat" win. This year's entry was titled, "Do you want to build a snowman?". All decorations were hand made by the group. The Tweens and Teens Club provides a recreational experience for children, ages 9-13 and teens, ages 14-21, with disabilities who live at home with their families.

# Canandaigua's New Mural

Happiness House Foundation provided funding for a beautiful wall mural in the Preschool program wing at Happiness House in Canandaigua.

## The Francis "Ben" Bonafiglia *Happiness House Golf Tournament*

## Bowling to Raise Bucks for Happiness House

## 2<sup>nd</sup> Annual Dash to Cash

"Happiness House has been a huge part of our child's development. The staff has helped our family in many ways. We cannot thank them enough for their role in our lives."

### 'Tis the Season

Consumers in the TBI Structured Day Program busily worked on clay ornaments for the Belhurst Castle project. Consumers made 2,500 ornaments to be used for the Holiday wine tour at the Belhurst. All proceeds went toward supporting the TBI Structured Day Program programs and activities.

### Festival of Trees

The Happiness House Structured Day Program Bible Study group took on a project for the Granger Homestead. They decorated a Christmas tree with handmade ornaments and donated it to the Granger to be displayed at the Festival of Trees! Thank you to Lisa Lincoln for leading the group in creating such a beautiful tree!

## Foundation Grants

Since its inception, the Foundation Board has approved over \$45,000 in grants to benefit Happiness House Programs & Services. Recently, the following awards were presented:

- Technology equipment to aid in the Enhancement of Social Skills: \$832.79
- Assistive Technology Evaluation and Service Team/Device Equipment: \$2,000
- KidWalk Gait Mobility Systems: \$2,167.21

Thank you for your support as we ensure that those we serve realize "What Happens Here Changes Lives Forever."

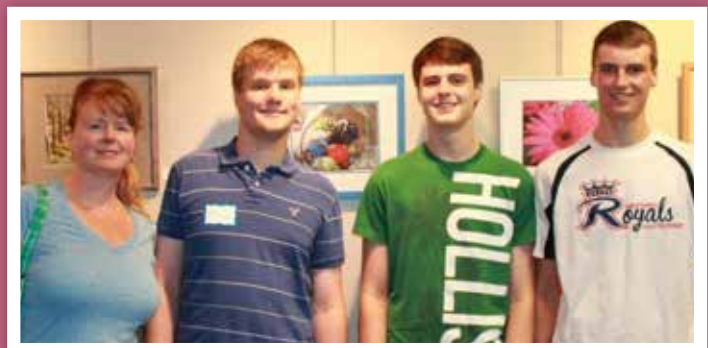

# Believe

"Believe you can and  
you're halfway there."

The Structured Day Program (SDP) "Believe" exhibit opening reception at the Wood Library in Canandaigua was a huge success! Our own SDP participants were the featured artists at this exhibit, which was located at the Ewing Community Room at Wood Library in Canandaigua.

**happiness HOUSE**

## *Changing Lives Forever Campus Campaign*

As the population of our community has grown, so has the demand and need for Happiness House's programs and services. To continue serving our families in our four county region, we must meet the internal needs of our agency in several areas. Join us as we raise funds to support the essential services that Happiness House provides to families and individuals daily across the Finger Lakes region.

More details are coming soon! Together, we can change lives forever.

**Robert Schick and Amy Cram**  
Campaign Co-Chairs
