"At a time when it seemed all doors were closing (due to Covid) Happiness House opened theirs up and welcomed us right in," said Audrey DeBoover. At 39 weeks, doctors informed Audrey and her husband Dan of their soon-to-be daughter, Annie's, hydrocephalus diagnosis and prepped them to live in the hospital. After Annie was born, they also diagnosed her with cerebral palsy vastly limiting her left side. Not only were the DeBoovers able to leave the hospital, three brain surgeries later, “Wild Annie” as they nicknamed her is living up to her name. “Working with the team of professionals at Happiness House we were able to watch Annie overcome milestones we only dreamed but never thought possible for her. Each and every accomplishment filled us with confidence and hope that our next goal would in time be achievable,” said Audrey.

Annie began therapy in Canandaigua at six-months-old and for the past two years has been a frequent and highly anticipated face in the halls. "Happiness House has been our greatest asset in helping her achieve her highest potential. We will forever be grateful. From our personal greeting... to our incredible therapists, this program has served our daughter and our family in a way that will impact our lives forever," Audrey added.

The family also holds a fundraiser every year for the Hydrocephalus Association called Hydro-Hoopla to help find a cure.

Annie will be starting in the preschool program in Geneva next year and the DeBoovers are excited to make the bittersweet transition but to continue on the journey of hope and happiness.

Tommy Gallagher, came to Rochester Rehabilitation's DriveOn program in 2020 with neuropathy in his legs, looking for a way to continue driving. We trained the 77-year-old Vietnam Veteran and retired Rochester Police Officer on hand controls and set up his own car.

“At first I was very nervous about learning to drive with adaptive equipment, but the instructors did a good job to reinforce my confidence." Tommy said. "The transition I made was the best thing I could have done – I learned a unique skill and it drastically improved my independence in all aspects of life. My physical and emotional health have improved and it has been incredible for my social life. I want to thank the staff at Rochester Rehab – they did a great job helping me.”
Patti Cunningham, Ability Partners’ Chief Financial Officer and Executive Vice President has turned her alarm clock off for the first time since college - the same alarm clock she has used for her entire working career. After 29 years of working at CP Rochester, Happiness House, and Rochester Rehabilitation and a bonus four years that she worked for CP Rochester prior to the agencies affiliation, Patti retired in June.

Inspired by her father’s influence, Patti gravitated toward the nonprofit world with the desire to help others and make a difference. During her accomplished career, Patti received the RBJ’s Financial Executive of the Year Award in 2015 and was the recipient of CP Associations of NYS Daniel Weider Leadership Award in 2018.

“She helped us create efficiencies of over two million dollars that we were able to utilize in different ways for the organizations and she was instrumental in the synergy process and the affiliation of the three agencies,” said Mary Walsh Boatfield, President & CEO.

Patti thrived in the face of challenges and had a big impact all three agencies. Looking back upon the 33 years, Patti is comforted by having found the right fit for her. “This was the right career move for me, I found a home.”

This year we said goodbye to some of our incredible staff that span all three agencies and have worked a combined: 200 years for Ability Partners!

When Peggy Kehoe retired from teaching in 2016, she became the perfect match for CP Rochester’s Day Habilitation Adult Basic Education (ABE) class. Peggy’s career as a teacher and her high-level of patience and kindness provided the skills she needed to support our learners.

When our full-time teacher retired, Peggy led efforts to make a portrait for the individuals to sign and she and the other ABE volunteers were instrumental during the hiring transition.

Peggy is a fantastic artist and in August had an exhibit at the Little Theatre!

We are grateful for volunteers like Peggy who are so valuable to our agencies.

Guests were treated with a keynote speech from the Cimino Family (pictured right). This moving story recounted the bravery of the Cimino’s and the help they received from our agencies when they first received Dante’s (middle) diagnosis.

We thank our heroes, award winners, generous sponsors, and guests for helping us to raise over $173,000! This money will be used to fund programs and services at CP Rochester, Happiness House, and Rochester Rehabilitation.

Latrice and Sam have been living together in CP Rochester’s Lone Oak residence for three years. This two-bedroom home is more intimate, and it is just how they like it. The quiet neighborhood and smaller setting promotes independence which helps the two become more prepared if they choose to move on to a transition apartment with the goal of living on their own. Latrice and Sam are the best of friends. When they aren’t at their programs, they are chatting in the living room, catching up on their favorite reality TV shows, or out and about in the community.

Both ladies are involved in the Inspiration Project, a collaboration with the University of Rochester, where volunteer students connect with CP Rochester program participants and together they create an inspiration anthology of published and polished works. “I think of this program as a puzzle. Each of us is one piece of a colorful puzzle of poetry, playwriting, and memoirs. The pieces are different, but in the end we all fit together as one big world of storytelling. If we look inside the puzzle, we can see hope for the future,” Latrice said.

Since it’s beginnings, the Project has published 11 volumes. Latrice being an author in all volumes and Sam publishing work in the most recent two editions. Their stories: The Fictional Life Story of the Lovely Latrice, Emily's Story, The Volcano Story, A Special Friendship, Snowy's Adventure, Courageous, Lightening Horse, The Magical Gift of Friendship, Milly, Sam, Lila, and Stitch's Big Adventure, and the stories of the other authors in the program are available to be read online at: www.sas.rochester.edu/laps/academics/inspiration-project.html

PLANNED GIVING

Have you made a planned gift to APF or named a loved one as a beneficiary? Every day, throughout the country, countless not-for-profit organizations address society’s health, humanitarian, educational, cultural, social, economic, and spiritual needs. By supporting APF through planned giving, you can help to assure more fulfilling lives for future generations.

LEGAL SOCIETY MEMBERS

as of July 1, 2022

“Ability Partners Foundation and the three agencies it supports - Happiness House, CP Rochester and Rochester Rehabilitation – provide services to people in our community in so many ways. Utilizing planned giving is a way for donors to assure that those services will continue to be provided, whether it be made during the donor's life or afterwards.”
