

2021 ANNUAL IMPACT

Opening Doors. Enriching Lives. Since 1946.

DANTE CIMINO

At 6 months old Dante Cimino was diagnosed with schizencephaly, a rare birth defect that causes clefts in the cerebral hemispheres of the brain. After genetic testing, he was also diagnosed with HHT - another rare disorder in which the blood vessels do not form properly. As a result, he suffered a stroke in-utero. Not knowing the extent of the disease, Dante's parents, Joe and Julie started extensive therapy immediately.

As Dante approached his preschool years, the family knew CP Rochester would be a perfect fit. After two years in the PreK program, Dante has developed amazing skills! He is riding a bike, climbing, jumping, and doing many independent tasks. Joe and Julie credit the teachers and therapists at CP Rochester for all of these amazing accomplishments. "He has grown over the years in ways we did not know were possible. Without their fierce determination we would not be where we are today," said the Ciminis. Dante and his parents were our Honorary Chairs for our Honoring Heroes Gala & Auction of the Finger Lakes.

WHAT HAPPENS HERE CHANGES LIVES FOREVER.

SYLVIA BAILEY

Sylvia has been a part of the Happiness House Traumatic Brain Injury Structured Day Program for over 16 years. She loves to tell stories of how the program has grown and the people she has seen get out of wheelchairs, begin talking, and open up because of their work at Happiness House.

Her favorite part of the Day Program, besides the people, is the opportunity to work on art projects. Sylvia is a flourishing artist. She loves painting, photography, pastels, making jewelry, and anything else she can get her hands on. As much as she likes making art, she likes giving it away even more. "All the girls here have some of my jewelry," Sylvia said about the staff.

Sylvia loves to learn, she is often the first to volunteer for a new program, and is always willing to help the staff and other participants.

When she is not at program, Sylvia enjoys participating in reenactments. Her most recent being in Gettysburg Pennsylvania for the 4th of July and reenacting a civil war period.

WORK. WELLNESS. INDEPENDENCE.

TYLER DAVIS

Tyler Davis has worked in the Federal Building for more than three years, where he masterfully cleans and helps in any way he is requested. He refers to himself as a “hard worker” and those around him agree.

Rochester Rehabilitation is not the only Ability Partners agency that Tyler is affiliated with. He moved into the CP Rochester Transition Apartments in November of 2020. Upon moving in, Tyler was most excited about his own space and becoming more independent.

As his time in the apartment comes to an end, Tyler is more prepared for his next steps. His cleaning skills learned and fostered at the Federal Building have greatly helped his living environment, and he will continue to use his transferable skills in his next home.

In his free time, he enjoys music and horseback riding lessons as well as putting together puzzles. In the past year, Tyler has assembled more than 50 puzzles - each one he frames and hangs up in his apartment.

Ability Partners

As of January 1, 2021, COVID-19 had been impacting Americans for 333 days. During that time, Ability Partners, employed over 600 frontline and essential employees who worked vigorously to keep individuals safe and healthy while providing them with the clinical, educational, residential, and community services they need, want, and deserve. Donors, staff, volunteers, and our resilient individuals all came together to show that we can overcome any obstacle - even a global pandemic! Programs transitioned to virtual activities, clinical services moved to telehealth, fundraising events went virtual, and through it all, our individuals' health, safety, and happiness were at the forefront. Going forward, we will continue to celebrate our helpers, and our heroes.

PLANNED GIVING

Few of us will change the course of history, write a timeless symphony, or cure a terrible disease; but everyone has an opportunity to make a difference in the lives of others. By supporting APF through planned giving, you can help to assure more fulfilling lives for future generations.

GRAND OPENING

HAPPINESS HOUSE PHASE II APARTMENTS

In February, we celebrated the opening of 30 units of affordable housing made possible in partnership with NYS HCR and OTDA. The units feature eight studio-efficiency apartments for seniors 55+ and 22 one- and two-bedroom apartments for families and individuals.

Lieutenant Governor Kathy Hochul attended the virtual ribbon cutting ceremony and echoed the importance of this housing for families, seniors, and individuals struggling with homelessness.

"I love the fact that it's brand new and it's great that everything is fresh and clean," said Candace. Candace has goals of becoming a medical assistant and is going through trainings now to help her achieve that goal.

"I'm thankful either way. I got my own place, and I'm praying to keep it, because it's a blessing," Javon said. Javon has goals of finding a job and getting back on his feet to be the best father he can be to his infant daughter.

THANK YOU

We depend greatly on our new and long-term volunteers who help us fulfill our mission and achieve our vision. Throughout the pandemic, they have continued to support our agencies in every way possible including: teaching our individuals new skills, provide in-kind capital improvements, and create/adapt items for inclusivity. With their service, we have been able to safely serve our individuals.

THANK YOU to over **generous** donors who contributed to the foundation and our agencies. We are grateful to all who volunteered their time and treasure to strengthen our community. In the following pages we acknowledge all donors who donated between January 1, 2021 - December 31, 2021.
