MOVING FORWARD, TOGETHER MARY WALSH BOATFIELD

We are honored by the steadfast commitment of our community as they stand beside us, giving of their time and resources to benefit the children and adults we serve. Several community fundraisers of note include:

- The Finger Lakes Radio Group hosted the Craig Morgan concert, with funds raised going to Happiness House.
- Jordan W. Cushman, with Hobart and William Smith Colleges Phi Kappa Sigma and Sodexo marketing students held an Italian Feast fundraiser, which will become an annual event.
- Art Garvey and Max Johann, Hobart and William Smith football players raised funds to benefit Happiness House by hosting the first annual Quad Olympics on campus.
- The Elks held their annual Freezefest Polar Plunge in April. Marge Donhauser designated part of the funds she raised to our traumatic brain injury program.
- Geneva Foreign & Sports held their second annual car show to benefit Happiness House.
- Peter Roberti, owner of Adrian Jules in Pittsford held their 3rd Annual Happiness Run fundraiser. This event has raised \$26,781 for the Founders Society campaign over the past three years!

Our reputation as the premier provider of Autism services continues to grow. This summer we made a difference in the lives of a family that had been told they would have to wait 6-9 months to have their child evaluated for Autism services. Upon referral to us, his evaluation process was completed within 6 short weeks, allowing him to receive immediate enhanced educational and social/family services. Also, since one of our School Psychologists is bilingual, we were able to serve three area Latino families by providing evaluations for their Spanish speaking children.

We are constantly seeking new and innovative ways to provide the highest quality programs and services for those in the Finger Lakes area. Your participation is essential to our success. Thank you for all you do to support Happiness House.

HERE WE GROW AGAIN!

Our transitional home is now complete and is filled to capacity. The residents are doing very well and have settled in to a productive routine which builds their life skills in preparation for further integration into the community.

We have received a \$52,000 grant from William Rayburn to begin the process of building a 20 unit apartment building at the Canandaigua site. These apartments will house adults with disabilities and traumatic brain injury who live independently and privately but would benefit from a living situation where help is nearby when they need it.

"Happiness is Helping" FOUNDERS SOCIETY

The Happiness House Foundation is a not for profit organization established to raise and generate funds that will promote, support and augment the continuation of long term services for people with disabilities offered by Happiness House in Ontario, Seneca, Yates and Wayne Counties. It is this mission that has led us to create the "Happiness is Helping" Founders Society.

An endowment is an organization's financial cornerstone, the foundation of its ability to incite progress in education, consumer care, and therapeutic equipment. Through allowing an organization to be less dependent on unpredictable sources of revenue, such as government aid, endowments ensure that promising programs, individuals, and initiatives have the unwavering support they need.

Establishing an endowment is an act of great generosity and vision. Donors who decide to create an endowment do so because they understand the significance of supporting the organization not only during their lifetime, but well into the future. It is our privilege to recognize those who stand with us to ensure that all individuals receiving services from Happiness House - both now and for years to come - will experience "What Happens Here Changes Lives Forever."
