

Caregiver Connections—Virtual Family Meetings

Parent to Parent of NYS is hosting on-line Zoom* Parent Group Meetings!

As we continue our state shutdown, we need to continue to take care of ourselves. Parent to Parent of NYS is committed to help you through these challenging times. These group meetings are for **parents of children with developmental disabilities and/or special health care needs**. The purpose of these groups is to foster a non-judgmental and encouraging environment that connects parents. We hope parents will connect with other parents to encourage and support each other. Please see the upcoming dates and times and register to join (*even if participating by phone*):

- ✿ **May 14, 2020, 4:00 PM**—Register in advance for this meeting:
